

# Extracellular Vesicles: friends and foes II

**March 19-22, 2023**

The David Lopatie Conference Centre,  
Weizmann institute of science

**Registration deadline**  
February 28, 2023

**Abstract submission deadline**  
January 19, 2023

The “Extracellular vesicles: friends and foes” meeting aims to bring together worldwide investigators from different disciplines and areas of interest to present their newest findings concerning the biogenesis of extracellular vesicles, and how these dock onto target cells, release their cargo and exert their function in physiological and pathological conditions. This meeting will thus be a great opportunity for scientists from diverse backgrounds to learn about cutting edge vesicle science and form new collaborations.
